

ALERT: NAZI ON CAMPUS, JACKSON REX

Ross School of Business student Jackson Rex (jarex@umich.edu) is "Alan MI", director of the Michigan network of Patriot Front, an explicitly fascist, racist, and anti-LGBTQ organization. As network director, Jackson is directly responsible for racist vandalism on campus and throughout Michigan, making Michigan the fourth most heavily targeted state for white nationalist propaganda in 2022 according to the ADL. Jackson himself claims credit for vandalizing the Black Lives Matter mural in Riverside Park in Ypsilanti. As Network Director, Jackson commands and is directly responsible for dozens of acts of racist vandalism.
